

A4

High functionality
in Sporty design

Makes a thoroughly sporty impression

The Audi A4 Avant impresses at the front with its wide single frame and the emphatic wide air inlets, and at the rear with its offset diffuser area with integrated trapezoid tailpipes. We offer you the S line equipment line, which includes sports suspension, S line-specific radiator protective grille and S line-specific diffuser in matt titanium black.

The horizontal design language dominates the rear.

The wide and flat single frame is bordered by the striking headlights and the side air inlets.

Fuel consumption combined: 6.0-5.9 l/100 km;
CO₂ emissions combined: 137-134 g/km.

Feel progress with the Audi A4 Avant

More space, more elegance, more sportiness: The new Audi A4 Avant combines an aesthetic design with functional utility and offers a whole lot more beyond that. The car's independent character is powerfully expressed visually.

A4

Sedan

Fuel consumption combined: 5.9 l/100 km;
CO₂ emissions combined: 136-133 g/km.

**A statement for sportiness.
The Audi A4 Sedan.**

Thanks to a new language of design and an almost completely new body, the sporty character of the Audi A4 Sedan comes into play more than ever: it appears dynamic and powerful while attractive and aesthetic at the same time. A high-quality and functionally designed interior, innovative technologies in the fields of digitisation, infotainment and driver assistance systems, and powerful engines round off the overall package.

Generous, premium and individual interior

In the interior of the Audi A4 Avant, the vehicle's width is emphasised by features such as the continuous air vent strip, above which a chrome trim strip adds a special accent. The optional sport seats plus with S emblem and rhombus pattern provide you with excellent support and a wide range of electric settings.

Standard equipment includes the electric luggage compartment cover and the remote backrest release. The optional rail system with load-securing kit opens up even more possibilities: two telescopic rods are mounted in the luggage compartment to provide additional stability for your luggage.

If you have your hands full when loading the vehicle, the sensor-controlled release of the luggage compartment lid allows you to open the luggage compartment electrically with a simple foot gesture. With the convenience key you can lock and unlock the entire vehicle via sensors in the door handles.

The Audi advanced technology

1	2
3	4

1. Navigation system with high-resolution 10.1 inch color display.
2. Audi virtual cockpit plus with Classic, Sport, Dynamics layouts.
3. Standard LED headlights.
4. The LED rear lights dovetail with the horizontal design.

When it comes to infotainment, you can choose from standard technologies such as the Audi virtual cockpit plus. Positioned right in front of you. The instrument cluster in the form of a high-resolution 12.3-inch LCD screen presents information in a comprehensive and versatile manner.

The optional Bang & Olufsen sound system with 3D sound set inspiring accents in the interior and offer a luxury-class standard.

Everyone has plans of their own

With Audi wheels, you can create an one-of-a-kind Audi A4 for yourself.
Design the exterior of your Audi A4 according to your wishes.

Combined CO2 emissions	137 - 134 g / km	136 - 133 g / km
Emission class	Euro 6d-TEMP-EVAP-ISC	Euro 6d-TEMP-EVAP-ISC

Explanatory note

1. * Empty vehicle weight includes driver (75 kg) and fuel tank 90% full, calculated in accordance with the current Regulation (EU) 1230/2012. Optional equipment may increase the car’s empty weight and drag coefficient, whereupon the possible payload and the top speed will b reduced accordingly.
2. *** The specified fuel consumption and emission data have been determined according to the measurement procedure prescribed by law. Since 1 September, 2017, certain new vehicles are already being type-approved according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test procedure for measuring fuel consumption and CO 2 emissions. Starting on 1 September, 2018, the New European Driving Cycle (NEDC) will by replaced by the WLTP in stages. Owing to the more realistic test conditions, the fuel consumption and CO2 emission measured according to the WLTP will, in many cases, be higher than those measured according to the NEDC.
3. ** We recommended using super sulfur-free unleaded RON 95 fuel in complying with DIN EN 228. If this is not available, use regular sulfur-free unleaded RON 91 fuel complying with DIN EN 228, power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10% (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/ EC.
4. We are currently still required by law to state the NEDC figures. In the case of new vehicles which have been type-approved according to the WLTP, the NEDC figures are derived from the WLTP data. It is possible to specify the WLTP figures voluntarily in addition until such time as this is required by law. In cases where the NEDC figures are specified as value ranges, these do not refer to a particular individual vehicle and do not constitute part of the sales offering. They are intended exclusively as a means of comparison between different vehicle types.
5. Additional equipment and accessories (e. g. add-on parts, different tyre formats, etc.) may change the relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and, in conjunction with weather and traffic conditions and individual driving style, may affect fuel consumption, electrical power consumption, CO₂ emissions and the performance figures for the vehicle.

A4 Avant 40 TFSI® S line

Dimensions in mm

Dimensions are for empty vehicle weight. Luggage capacity 495 l /1,495 l (second value is with the rear seat backrest folded down and the vehicle loaded up to roof height). Turning circle approx. 11.6 m.
* Maximum headroom. ** Elbow room width. *** Shoulder room width. **** Vehicle height with roof aerial.

A4 Sedan 40 TFSI® S line

Dimensions in mm

Dimensions are for empty vehicle weight. Luggage capacity 460 l. Turning circle approx. 11.6 m.
* Maximum headroom. ** Elbow room width. *** Shoulder room width. **** Vehicle height with roof aerial.
